Mr. H.H. Nightingale,	

Owing to the length of the business to be got through the minutes of the preceeding meeting were left for confirmation to a subsequent meeting.

(1) REPORT ON PRESENTATION TO THE KING.

The president Mr. Fetherstonhaugh submitted a letter of acknowledgement through the Governor-General of the acceptance by the King of the Club's Presentation.

The President also presented a photograph of the Presentation showing the ore properly mounted just as it was presented to the King.

On a motion by Mr. Geo. Brigden, seconded by Mr. J.P. Murray a unanimous vote of thanks was passed to the Vipond Mining Company in particular, for the piece of ore with which they had presented the Club, and also to all those who had contributed the essentials of the Presentation, many having placed the services of their several businesses at the disposal of the Committee at very reasonable cost.

On a suggestion made by Mr. J.P. Murray, the Secretary was instructed to fyle a memo to see that due publicity was given at the first General meeting of the Club of all the particulars of the Presentation and that the photographs submitted by the President should be, with the facts of the Presentation handed over to the "Saturday Night" for publication.

On a motion by Mr. Somerville, seconded by Mr. R.A. Stapells it was resolved that the Executive Committee would defray the cost of the Presentation by a pro rata assesment on \$5.00 a-piece making the cost of the Presentation a gift to the Club.

From a statement submitted by the Treasurer the total cost of the Presentation was ascertained to be \$138.42. After certain considerations have been deducted from this amount it would bring it down to about \$125.00 which amount would be covered by the above mentioned contribution of \$5.00 from each member of the Executive. The Secretary was instructed to write a letter to each member of the Executive advising that their contribution toward the cost of the Presentation to the King was now due.

A vote of thanks to Mr. J.P. Murray for his suggestion for the form of the Presentation to the King was carried unanimously.

(2) REPORT ON AFFILIATION WITH THE ROYAL COLONIAL INSTITUTE.

The President read his report giving the terms of the affiliation of the Empire Club of Canada with the Royal Colonial Institute and on a motion by Rev. Dr. Goggin assumed the task of putting the terms of the affiliation proposal in shape to be submitted at the first General meeting.

(3) REPORT ON LIFE MEMBERSHIP.

The President reported that he had secured as Life members of the Club Mr. R.L. Borden, Premier McBride of British Columbia and Premier Walter Scott of Saskatchewan.

(4) REPORT ON MEMBERSHIP.

Mr. Somerville, Chairman of the Membership Committee through having to leave the City shortly after the last meeting and having only just returned was unable to report that any members had been secured outside of some fifty or sixty, which, though, was evidence of considerable work did not come up to his original programme of obtaining several hundred which he would now be in a better position to endeavor to obtain.

It was generally decided that the most opportune time for initiating a short active campaign to obtain as many members as possible in the shortest possible time, would be immediately after the Dominion elections. The membership Committee would accordingly keep that object before them.

(5) REPORT ON INCORPORATION OF THE CLUB.

Dr. Clouse, Chairman of the Sub Committee delegated to obtain a Provincial Charter, asked that his report be left over for a subsequent meeting.

(6) RE APPOINTMENT OF LITERARY SECRETARY.

Murray a unanimous expression of appreciation of the trouble, time and work expended by the President in connection with the Presentation to the King was voted to him and Mr. J.P. Murray, in seconding the motion added his personal thanks to Mr. Fetherstonhaugh for having so kindly taken over and performed with such untiring energy what he had promised to do himself in connection with the Presentation but had, in going away been unable to carry out.

On a motion by Cannon McNab, seconded by Mr. Stapells, First Vice-President Mr. Frank Beer was appointed Chairman of a Committee of three, consisting of himself and Messrs. Bridgen and Stapells to consider, and if thought advisable to take steps to have issued \$10.00 books of tickets for the Luncheons of the forthcoming winter, it being thought that this might promote a better attendance.

As the prospective increase in membership would make it impracticable to hold the luncheons at the St. Charles in the room hitherto reserved for that purpose, it was recognized that some other place would have to be found. Throughout the British Empire yesterday the spirit of Imperialism dominated all else. And here and there over the face of the earth wherever the Union Jack sheltered an Empire Club the members gathered together by pre-arrangement to form a new bond in Imperial affairs. Carrying out its part, the Empire Club of Toronto met at dinner in Convocation Hall last night, and dedicated the evening to Imperial unity. The club had as their guest his Royal Highness the Duke of Connaught, and around the tables were many of the most distinguished men and women in the Dominion. From over the ocean came a message from a man whom Canadians learned to love during his stay in Canada, and who still retains his great interest in the Land of the Maple—Earl Grey. It came in the form of a greeting from the Royal Colonial Institute, of which the Duke of Connaught is president. Another message breathing the spirit of loyalty came from "The Grand Old Man," Lord Strathcona. From the Right Hon. R. L. Borden came a message of regret, and similar messages were received from other members of the Dominion and Provincial Governments.

The guests, fully eight hundred in number, gathered in Convocation Hall to await the arrival of the Royal party. Shortly after eight o'clock, to the strains of the National Anthem, his Royal Highness entered, escorting Mrs. Fetherstonhaugh. They were followed by Mr. Fetherstonhaugh, with the Duchess of Connaught, Sir John Gibson, with Princess Patricia, the Bishop of Toronto and Lady Gibson, and Col. Lowther and Miss Gibson.

Flowers for Duchess and Princess.

Before the guests began to file into the great examining hall, where the tables were set, Mrs. Fetherstonhaugh presented the Duchess and Princess Patricia with beautiful bouquets—orchids to the Duchess and sweet peas to the Princess. So large was the gathering of guests that it was nearly 8.30 p.m. before the last had bowed to the Royal party and passed in.

The banquet hall was beautifully draped in Royal blue and white, the place reserved for his Royal Highness being shaded by a canopy. The Royal arms were draped with the Union Jack and the Royal Ensign, placed behind the Duke's chair.

At the Main Table.

With his Royal Highness, the Duchess of Connaught and the Princess at the main table were: The president of the club, Mrs. Fetherstonhaugh, his Honor Sir John Gibson, Lady Gibson, the Bishop of Toronto, Hon. W. T. White, Lady Pellatt, Col. Hon. Sam Hughes, Minister of Militia, Mrs. F. J. Sweeny, Hon. Robert Jaffray, Mrs. Sam Hughes, Hon. Wallace Nesbitt, Mrs. Riddell, Col. Sir Henry Pellatt, A.D.C., Mrs. Wallace Nesbitt, Mayor Geary, Lady Walker, Hon. Mr. Justice Riddell, Mrs. Geary, President Falconer, Mrs. Meredith, Dr. D. J. Goggin, Col. Geo. T. Denison, Mrs. Falconer, Sir Edmund Walker, Lady Mackenzie, Mrs. Denison, Brigadier-General Cotton, Mrs. N. W. Rowell, Mrs. Cotton, Sir William Mackenzie, Mrs. W. T. White, Hon. F. H. Phippen, K. C., Mrs. Clark, Mrs. Phippen, Lieut.-Col. Hon. G. M. Hendrie, Mr. J. T. Small, K. C.

Toast to the Guests.

Mr. F. B. Fetherstonhaugh, president of the club, proposed the toast to his Royal Highness.

He said it was also doubly an honor and pleasure to couple with his Royal Highness their Royal Highnesses the Duchess of Connaught and the Princess Patricia, whose names and graciousness brought them back to the memory of which must always remain green in the hearts of all of Irish descent.

Fetherstonhaugh referred to

the Duke's visit to Canada in 1869, at which time Fort Arthur was founded, and called after him, "Prince Arthur's Landing," and to his second visit, again, in 1890, when he passed through Canada on his way from India, and visited Toronto, "the city in which the Queen's birthday, the 24th of May, was first celebrated as a national holiday, and which has ever since remained the cradle of Imperial thought and action in this broad Dominion."

"All here present," said the speaker, "know how her Majesty our late beloved Queen Victoria of revered and immortal memory, whose reign was the age in which our Empire sprang into being, valued her son, Prince Arthur, called by the Queen after another great soldier, the Iron Duke, her true friend and adviser."

"All here present know and understand why his Majesty King Edward, the greatest diplomat and peace-maker and most loved Monarch of his time, appreciated the great capacity and statesmanship of his brother, our guest of honor, when he, King Edward, was so desirous that he should come to Canada as our Governor-General."

"And all here present now fully comprehend why his Gracious Majesty King George, our Sovereign Sea Lord, and every inch a Sea King, appreciated his Royal father's wish and appointed his uncle, his Royal Highness, as Governor-General of this fair Dominion."

"I need scarcely say how dearly all Canadians appreciate the spirit and love, which inspired our Sovereign lords to consummate what we have all along wished for, to have a member of the Royal family as the representative of the Crown in this important nation of the nations of the Empire, and how we are especially gratified by your appointment, sir."

Mr. Fetherstonhaugh then proposed the toast of his Royal Highness the Duke of Connaught, Governor-General of Canada, and their Royal Highnesses the Duchess of Connaught and the Princess Patricia.

The Duke's Address.

"I thank you most warmly for the manner in which you have received my health," said his Highness, in rising to respond, "and especially for the kind allusions you have made to the Duchess and to my daughter."

"Having now for eight months had the honor of being his Majesty's representative in this great Dominion, I would like to take this opportunity of telling you how deeply interested I am in all important questions affecting Canada, and how I rejoice at the great prosperity at present existing throughout all portions of this vast country."

"My one wish is to be able to aid in every way in my power the best interests and the soundest projects in the many spheres of activity throughout the provinces of the Dominion."

"It is my earnest hope and belief that during the time of my Governor-Generalship this progress will steadily continue, and every advantage will be taken of the great advance in science—which makes many matters possible which would have been despaired of in earlier days."

Canada's New Citizens.

"I congratulate Canada on the number of good class emigrants who are coming into this country, whose presence will greatly aid in developing the great resources with which nature has provided you."

"On this great anniversary, dedicated to the memory of that Gracious and Glorious Sovereign under whose reign the British Empire made such vast strides, one's thoughts naturally turn to the significance and meaning which the word 'Empire' has for ourselves. Probably never in our time have the thoughts of those who are building it up been so deeply centred on the problems which we have to face."

"For Canada those problems have the deepest significance from the prominent position she so rightly holds amongst the great self-governing dominions of the Empire."

"May the various races who have

built up the Dominion be strong and loyal to themselves, and, above all, may the unity of Canada be the foremost wish of all its people, and of those who are called on to direct its destinies."

"I feel convinced that if Canada is true to herself she will be true to the Empire, of which all Canadians, of whatever station in life, are equal members, and in whose integrity all are equally interested."

The Empire of Liberty.

"Never let us forget that the British Empire has always been foremost in promoting the liberties of its populations, while at the same time maintaining those traditions which have made its past so glorious."

"I am sure that in no portion of the Empire is there more loyalty and devotion to our Gracious Sovereign than in Canada, and that nowhere in the Empire will there ever be a stronger sense of the duty we owe to the flag under which it is our privilege to live."

Canada and the Empire.

The Bishop of Toronto in rising to propose the toast of "Canada and the United Empire," referred to Thursday's notable spectacle in Queen's Park when the Duke assisted in the decoration of the statue of his beloved mother, Queen Victoria. The toast, said the Bishop, was one that did not require many words.

"I will not pause between the first and the last of the toast. There will be no division between 'Canada and the Empire.' I propose Canada, a part of a United Empire."

He declared that the seven million people of Canada were "second to

none in loyalty, second to none in thrift, in industry, in patient endurance and constructive skill." What are the ties what are the bonds which bind Canada to this great far-reaching empire, he continued. "I can only mention two or three; the tie of loyalty to one king, one throne, the tie of high ideals in this great United Empire, and the tie of community of interests."

Hon. Wallace Nesbitt followed. After dealing with the strength of the Imperialistic spirit in Toronto and its records for loyalty, he declared that conferences such as this should be devoted to a discussion not of affairs in Canada, Australia, or New Zealand, but to the affairs of the Empire. He referred to the fact that the schools of Ontario had been the first to perpetuate Victoria Day, coupling it with the fact that the Empire Club of Toronto had been first to inaugurate an annual Empire banquet. In concluding, he declared that Imperial federation would go far toward doing away with economic and constitutional unrest.

The toast of "The Ladies" wound up the programme.

Governor - General Declares That "Canada, if True to Herself, Will be True to Empire."

The members present were:-

PRESIDENT - Rt. Rev. Bishop Sweeny in the chair.

Messrs. F. B. Fetherstonhaugh	J.M.Foster
Dr. D. J. Goggin	Dr. W. J. Wilson
Richard A. Stapells	R. J. Stuart
J. R. Roaf	W. G. McIntosh.

1. Mr. Fetherstonhaugh brought up the subject of presenting a "cup" to the cadets of the Empire for drill competition on the second day of the exhibition. This was suggested by Dr. Orr, who said that it would be impossible to have an Empire Day this year, as they are making this Imperial Year. Mr. Fetherstonhaugh also informed the executive that he, Mr. Stapells and Dr. Goggin had already ordered the cup, so as to have it in time, which is to cost about \$50.00. The executive authorized Mr. Fetherstonhaugh to see to the completion of the cup and inscription; the expense of the cup to be paid out of the general fees; but two luncheons are to be held at the Exhibition under the ~~auspices~~ auspices of the Daughters of the Empire at 75¢ per head, they taking 50¢. The first luncheon is to be held on Aug. 28th. to be addressed by either Dr. Parkin or Rt. Hon. Sir Walter Long. The second luncheon on Sept. 4th. to be addressed by Sir. George Reid.

Mr. Fetherstonhaugh was instructed to write Sir. Walter Long and try to get him to speak at an Empire Club Luncheon at the Exhibition.

Executive meeting Aug. 6, 1912, (cont'd.)--2.

Moved by Dr. Goggin and seconded by Mr. Stuart that two luncheons be arranged with the Daughters of the Empire, the proceeds to be used to defray the expense of the cup.-
Carried.

Moved by Dr. Goggin, seconded by Dr. Richardson that Mr. Fetherstonhaugh and Mr. Stapells be a committee, with power to add to their numbers, to look after the luncheons and arrange with the Daughters of the Empire.

2. Mr. Fetherstonhaugh introduced the subject of extending the clubs and increasing the membership of the Empire Club in Canada. He mentioned his recent interview with Sir Thomas Shaughnessey, who said they were very short of cars but finally promised to haul a car if it could be secured.

Mr. Fetherstonhaugh wired Lord Strathcona to use his influence in securing car; also wired Mr. J. M. Clark now in London to see Lord Strathcona, who replied that he thought Lord Strathcona could get car.

3. There was also a discussion by Dr. Goggin and the President to the effect that we must not antagonize the Canadian Club nor go in opposition to other such clubs, but work with them.

If it is impossible to secure the car asked for the club will only visit a few places, and may take advantage of the Forestry Excursion to Vancouver about the middle of September.

The question of transportation was left to Mr. Fetherstonhaugh.

It was decided to begin the regular meetings of the Club on Thursday, October 24th., 1912.

Executive Meeting August 6, 1912 (cont'd.) --3

4. The President suggested that there had not been due consideration given in the past to the obtaining of suitable speakers, as well as to the subject matter of the speeches. He suggested having a number of speeches, and having them arranged in order. The executive, however, did not think this possible. He was asked to arrange for one good address each month, not less than six during the year, on "The Problems of the Empire". There were to be stated dates for these speeches, also the speaker, and subject of the address for each date was to be settled and given prominence during the year.

The President asked the members to send list of topics in to him so that when he is arranging for speakers, he can get the best addresses by having the speakers choose the topic on which they wish to speak. The speakers were to be arranged for a few months ahead, and notified a few weeks before the date.

5. Moved by Mr. Roaf, seconded by Mr. Foster, that the executive authorize Past-Presidents Committee to be and they are authorized to appoint representatives of the club to attend social or other functions as they see fit until the first of January. - Carried unanimously.

The meeting then adjourned.

"THE WAR."

Especial interest centres in the speech of the eloquent Member for Portage-la-Prairie, this being the FIRST he has delivered in Toronto since accepting the Solicitor Generalship. The Executive of the Empire Club met for Luncheon at the "Little Blue Tea Rooms"--97 Yonge Street-- Monday, Dec 21st at One O'clock.

The President--Mr R.J.Stuart--presided.

There were present:-

Mr Justice Craig. Mr Brooks. Dr Clouse. Mr Fetherstonhaugh. Rev.A.Hall. Dr Albert Ham. Dr E.K.Richardson. Mr Roaf. Mr Shiels. Mr Stapells. Mr J.F.M.Stewart. Mr Tindall.

The minutes of the previous Meeting were read and approved.

The Secretary reported on the Red Cross Patriotic Demonstration accounts. On the motion of Mr Fetherstonhaugh, seconded by Mr Justice Craig, it was unanimously decided that a cheque to the value of \$.750.00 be sent to the Toronto Treasurer of the Canadian Red Cross Society, this representing the amount realised from the Demonstration after all expenditure in that connection had been discharged.

The Secretary reported that in accordance with the direction of the Executive, 2000 copies of the "Empire Club Constitution" had been printed and were now in possession of such members as had paid their fees for the current year, a copy being sent with each Membership ticket.

In this connection he acknowledged gratefully the advice and assistance of Mr Brooks who had superintended the checking of quotations, specimens etc.

Following the direction of the Executive the Secretary had appealed to late Members of the Empire Club whose names appeared on lists for the past three years. He undertook to present a report on the results arising from this appeal so soon as his correspondence on the matter ~~was~~ permitted.

Mr Fetherstonhaugh stated that Royal Colonial Institute affairs were still under consideration, and that very shortly would be settled satisfactorily.

Mr Justice Craig proposed, Dr Clouse seconding, that the second Tuesday in each month be fixed for a regular Executive Meeting, the place of Meeting to be at the discretion of the President. The said meeting to be called by the Secretary automatically, unless notification to the contrary be given him at least two days before the time of meeting.

And it was directed that a Financial Statement ~~be~~ be furnished at each of these regular Monthly Meetings.

Carried.

The question of Speakers at forthcoming Luncheons was considered. The Secretary reported writing to Hon.J.C. Doherty--Minister of Justice; Hon Sir Wilfrid Laurier; and having in hand correspondence with Hon.W.T.White... Commissioner Boyd of Toronto Juvenile Court.

This opened up a discussion of the whole matter of Luncheons and Speakers. It was remarked that the small percentage of attendances at these Luncheons seemed unaffected by the brilliance or popularity of the Speaker.

Mr Stapells--answering a suggestion that possibly the ~~last~~ Luncheon provided was at fault-- pointed out that this was a circumstance that could not be overcome at the

moment. Kindred Clubs were experiencing the same difficulty.

On a suggestion from Dr Clouse that the enrolment of new Members would ensure larger and more enthusiastic Luncheons; Dr Ham proposed, Rev. A. Hall seconding, that Mr Brooks, Dr Clouse, Mr Justice Craig, Mr Fetherstonhaugh, Mr Shiels, Mr Stapells and the President be a Membership Committee.

Carried.

The Secretary was directed to advise each Member of this Committee of his appointment.

The Book of Speeches for 1912-13.

Rev. A. Hall reminded the Executive that operations in connection with the issue of these volumes had been suspended on the recommendation of the Executive, in order that the financial reserves of the Club could be directed to the benefit of the Red Cross Society. Mr Justice Craig indicated that this necessity no longer obtained, all the funds withdrawn in aid of the Red Cross having been re-imbursed with the exception of about thirty dollars.

Mr Fetherstonhaugh moved, Mr Justice Craig seconding, that further consideration of this question be held over until Rev. A. Hall reports.

Carried.

On Rev. A. Hall's suggestion that a sub-committee be formed to watch the matter of Speakers at forthcoming Luncheons, Mr Justice Craig proposed, Mr Stapells seconding, that the President, the Vice-President, Mr Hall, Mr Roaf and Mr Fetherstonhaugh be that Committee.

This was carried;— the names of the Proposer and Seconder being added by unanimous consent.

The matter of German Professors engaged at the University was discussed.

Dr Clouse pointed out the danger of ~~our~~ hypersensitiveness for "fair-play" ~~to~~ to others, becoming a menace to common justice to ourselves. He proposed that the Executive of the Empire Club present a carefully worded resolution to the Government to that effect.

Mr Justice Craig pointed out the militancy of many of those who refuse to adopt British Ideals whilst enjoying British hospitality. He suggested that a Committee be formed to discuss the position of the Executive in a matter of this sort.

Mr J. F. M. Stewart wanted us to be on guard against a narrowing of the Imperialistic Ideal. He pointed out that Professor Falconar was striving to discharge contracts with British fairness.

Mr Fetherstonhaugh showed that "War cancels many contracts." Rev. A. Hall felt that the Executive of the Empire Club should express itself, in some manner, upon a question of this sort. The President proposed that a Special Executive Meeting be called to continue the discussion of this question.

It was decided to call that meeting for the day following— December 22nd. 1914, and the Secretary was directed to advise Members of the Executive to that effect.

The Meeting then adjourned.

Special Meeting of the Executive of the Empire Club
held at Mr Fetherstonhaugh's Offices—Royal Bank Bldngs
King Street---Tuesday, Dec 23rd...I.30 P.M.

There were present:

The President, ~~Mr Fetherstonhaugh~~ Dr Clouse,
Mr Fetherstonhaugh, Dr Goggin, Rev A.Hall, Dr Albert Ham,
Mr Murray, Mr Roaf, Mr Shiels, Mr Stapells, Mr J.F.M.
Stewart.

The President presided.

The question of German Professors at the University--adjourned from
the previous day--was considered.

On the suggestion of Mr Fetherstonhaugh, Dr Goggin read excerpts
from an Editorial in the "Scotsman" dealing with the subject of
alien Professors at the University of Edinburgh.

The President then asked Dr Clouse to extend his remarks of the
previous day.

Dr Goggin reviewed the position as it affected the Empire Club.
He felt that, as the matter was under consideration at present, the
Empire Club could not enter the subject privately, or semi-publicly,
or publicly, without risking defeat of its best desires.

Dr Albert Ham felt it to be our duty to take some stand, but nothing
should be done unless the whole Club supported it. Should we not
await the official report...?

Mr Roaf was entirely in accord with Dr Clouse's sentiments, but
felt we had not enough facts to justify successful intrusion.

Mr Murray hoped that the Empire Club would not fight on details in
side skirmishes. A General Principle should be incorporated in
any resolution made or passed by the Executive or the Club.
Why should not the Executive express itself privately?

Rev. A. Hall felt we justified ourselves as an "Empire Club" by our
presence there and the discussion on which we were engaged.
The issue had become a public one whether we would or not, and it
lies very close to all our Empire thought. Whilst agreeing with
Mr Murray on the matter of Principles, he could not but regret that
men, not Naturalised Subjects, had not the chivalry to resign their
posts unasked. Our own minutes would record the fact that we
were watching the subject closely, both in the public interest and
in that of the Empire Club.

Dr Clouse felt that the Government should hear echoes of public
opinion. Silences were frequently misunderstood and seldom
appreciated at their real value.

Mr J.F.M. Stewart felt we all ~~shared~~ shared in pride and affection
for the University and that in our wish to advance its well-being
we would not willingly cause embarrassment to its Governors or to
the Premier of the Province. Should we not await the result of the
Government's action?

Mr Fetherstonhaugh showed how spontaneous was the wave of Patriotism that had swept over the Students of the University since the outset of the war; but suggested that the "Man in the Street" felt that the action of the Governors was not right. The Empire Club, to be of use ~~the~~ to the community at times like the present, should indicate its interest in some way or another.

Mr Shiels favored leaving the matter in abeyance until the Govt: and the University Authorities had reached a decision. Then would be the time when the Club could express itself.

Mr Stapells urged the Executive bestir themselves. There was a danger that the charge of being a "spineless organisation" might become justifiable. It was not always Wisdom that prompted extreme caution at all times. Could we not express a hope, at least, that Imperial interests would be safeguarded?

After some further discussion Mr Roaf and Mr J.F.M. Stewart, at the request of the President, prepared the Resolution which follows;

Mr J.F.M. Stewart proposed, Dr Goggin seconding, that

"Whereas the Empire Club of Canada is strongly of opinion that the Imperial idea should govern in the employment of public or semi-public servants, it feels that since the matter of the employment of Alien enemies is now under consideration by the Provincial Government and the University Authorities, it is advisable to suspend any expression of its opinion until the findings of these bodies are published."

Carried unanimously.

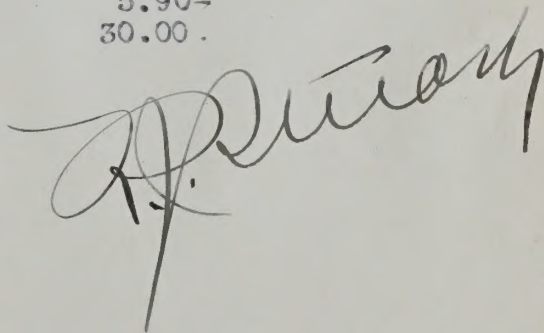

Mr Murray moved, and Mr Fetherstonhaugh seconded, that a brief synopsis of the meetings of the Empire Club be sent periodically to the Royal Colonial Institute for use in the official organ of the Institute. The Editor of the Club Speeches--Rev. A. Hall--and the Secretary being responsible for this undertaking.

Carried.

The Meeting then adjourned.

A Meeting of the Executive of the Empire Club was held at "The Little Blue Tea Rooms" ..Yonge Street..on Tuesday January 12th..1915.. at One O'clock.

The President (Mr R.J.Stuart) presided, and there were present:

Mr Brooks, Dr Clouse, Dr Goggin, Rev. A. Hall, The Lord Bishop of Toronto, Mr Fetherstonhaugh, Mr Castell-Hopkins, Mr Roafe, Mr Perry, Dr Richardson, Mr Shields.

The Minutes of the previous Meeting were read and approved.

A letter received from the Secretary of the Colonial Inst: relating to Membership and Fellowship fees was read, and the Secretary directed to place the same in the hands of the Committee for Royal Colonial Institute affairs.

Dr Goggin reported on the Volume of Empire Club Speeches for 1912-13 & 13-14 in process of preparation. Economy suggested the binding of these Volumes together. After some discussion in which Dr Clouse advocated a return to the original idea—viz a yearly Volume, and Mr Brooks pointed out how much overdue the volumes under consideration already were;

The Bishop of Toronto proposed, Mr J.B. Perry seconding, "That 400 copies of the combined Volume as suggested by Dr Goggin be printed, the Editors contributing a "foreword" in the Preface explaining the causes contributing to the unavoidable delay in publication".

Carried.

The Bishop of Toronto proposed, Mr Fetherstonhaugh seconding, that matter of elimination or curtailment of Speeches due to appear in the Volume be left to the discretion of the Editors.

Carried.

The President, Mr R.J. Stuart, called attention to two matters closely affecting the interests of the Empire Club that apparently had been overlooked, finding no place in the Minutes of previous Meetings.

To Mr Fetherstonhaugh's generosity was due the possession of the Flag that decorated the Luncheon room at functions of the Club:— and Mr Stapells, on his own initiative and at his own expense had had copies of Dr Harper's Poems (dedicated to the Executive and Members of the Empire Club) printed for and distributed to Members of the Club.

He asked for a resolution of appreciation.

The Bishop of Toronto proposed, and Dr Clouse seconded, that —through the President and Secretary— Mr Fetherstonhaugh and Mr Stapells be thanked for their generosity and loyalty to the interests of the Empire Club evidenced in the action referred to by the President.

Carried.

Dr Clouse reported that, thanks to the co-operation of the Royal Canadian Institute, Sir Douglas Mawson—the Antarctic Explorer— would be the guest of the Club at Luncheon on Friday, Jan. 22nd. He suggested that the President and Secretary of the Royal Canadian Institute, and the Manager of Massey Hall be invited guests to that Luncheon.

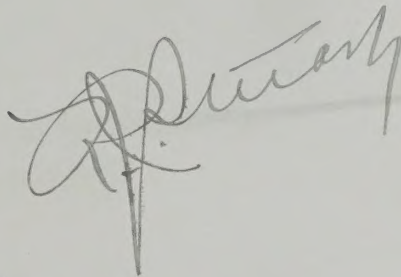

This was agreed to, the Lieut: Governor and Hon. Mr Rowell being added to the number of guests.

A letter was read from the Secretary of the National Chorus asking for the co-operation of the Executive in making the forthcoming Concert at Massey Hall--proceeds in aid of Red Cross Funds-- a success.

The Secretary was directed to acknowledge receipt of this communication, and assure the National Chorus Executive of the support of the Empire Club.

The Secretary, having read a letter Mr J. Castell Hopkins had received from Dr O'Hagan expressing his willingness to address the Empire Club at a Luncheon in the near future, was directed to thank Dr O'Hagan for his welcome offer and assure him of its appreciation by the Executive.

The Meeting then adjourned.

The Renowned Antarctic Explorer

"My escape was almost miraculous. It was 30 days after the death of my last companion, when, in the last stages of starvation, I discovered a food cache left by a search party." (Extract from Cablegram).

Sir Douglas Mawson's achievements in Antarctic Exploration are too well-known to need detailing here.

But it is good to remember that the same spirit that fires our Empire Heroes in the trenches of France to-day, inspired him, and gave him endurance to brave the perils of the dreary ice-slopes of the lone Antarctic! It was in that spirit that he shared his daily companionship of danger, and forgot the bleak silence and appalling loneliness of the Explorer's path.

DR. J. A. MACDONALD ADDRESSES
EMPIRE CLUB ON PHASES
OF THE WAR.

The heavy snowstorm of yesterday prevented Dr. H. M. Tory, President of Alberta University, from reaching Toronto in time to fill his advertised engagement of addressing the Empire Club on "Certain Phases of the War from the Canadian Viewpoint." On short notice, however, Dr. J. A. Macdonald stepped into the breach and gave to the club an address which he delivered recently in Boston, Mass., on the occasion of the 294th anniversary of the landing of the Pilgrim Fathers on Plymouth Rock.

Mr. R. J. Stuart, President of the Empire Club, presided over the luncheon.

At the conclusion of Dr. Macdonald's address, a resolution of thanks was proposed by Principal Hutton of University College, who proclaimed the guest of the luncheon as being foremost amongst those in Canada who are pointing out the position of this Dominion in relation to the present war. The resolution was seconded by Chancellor McCrimmon of McMaster University.

President Tory reached the city later in the day, and it was arranged that he would speak at the Officers' Mess at Exhibition Camp at 7.30 this evening. Members of the Empire Club are to be admitted to the camp for the address on showing their advice postcards of the original meeting.

A Meeting of the Executive of the Empire Club
was held in the Board of Trade Luncheon Rooms
--Royal Bank Building-- on Thursday..Jan.28th.'15
at One O'clock.

The President-- R.J.Stuart.Esq--presided, and there were present:

Dr. Goggin, Dr. Albert Ham, Mr Shiels, Rev. A. Hall,
Mr. J. B. Perry, Mr Murray, Mr Brooks, Mr Roafe,
Dr. E. K. Richardson.

The Minutes of previous Meeting were read and approved.

The Secretary reported having placed before the Committee for Col:Inst:affairs the communication received from London;-- having written Mr Fetherstonhaugh and Mr.Stapells expressing the appreciation of the Executive for their practical interest in the welfare of the Club; and having written Dr.O'Hagan assuring him of the pleasure with which the Executive anticipated an Address from him in the near future.

A letter from Messrs Dunning's was read, stating that, to provide Luncheons at sixty cents per head, a guarantee of 75 guests must be given by the Club, the price per head for any number below 75 being seventy-five cents per head.

After careful consideration of this, all present agreeing that ~~socialistic~~ relations between the Club and the caterers were far from satisfactory, Mr. J. P. Murray proposed, Dr. Goggin seconding, that a Committee be formed to meet the Canadian Club and discuss the Luncheon arrgts: of the respective Clubs.

The Pres: nominated Dr.A.Ham, Dr Goggin and Mr. Shields for this Committee. Agreed.
Mr Shields was anxious for the Membership Committee to meet and get to work.

The Secretary undertook to have the SECOND APPEAL for fees issued by Feb.1st.

A suggestion to employ a collector for the purpose of gathering of Annual dues was not received favorably, the feeling being that the best interests of the Club are not served by "dunning" for an a/c ~~sum~~ of which the paying should be considered an honorable privilege.

The Meeting then adjourned.

Mr J.A.Arlidge, sang Patriotic Songs,his generous co-operation in the provision of an inspiring entertainment ,being truly appreciated.

A Meeting of the Executive of the Empire Club was held in the Board of Trade Luncheon Rooms on Tuesday, March 2nd 1915...at One O'clock.

The President--Mr R.J.Stuart--presided, and there were present;

Mr Fetherstonhaugh, Dr. Albert Ham, Mr Shiels, Mr Tindall, Mr Murray, Mr Roafe, Dr. E.K. Richardson...

The Minutes of previous Meeting were read and approved.

The Secretary read letters received from the undermentioned relating to requests for Luncheon Addresses;

Dr Chas. Eaton. F.W. Field. Sir. Mackenzie Bowell. N.W. Rowell. Sir. Jno. Hugh Macdonald. Maj. Gen. Sam Hughes and Dr. Harper.

Mr Shiels reported interviewing President and Secretary of the Rotary Club on the matter of Luncheon arrgts. The Rotary Club was prepared to act conjointly with the Empire Club if the Canadian Club would join. The Canadian Club felt that the Board of Trade accommodation was too limited for their needs. Messrs Cole, the caterers, would not care to touch the business unless the Canadian Club was included in the negotiations.

Mr Murray proposed, Mr Fetherstonhaugh seconding; that all Members of the Empire Club of Canada at present on Active Service or in preparation for Active Service be enrolled Honorary Members of the Club during the War, and that this Resolution be reported to Members at the Luncheons of the Club.

Carried.

The Secretary-Treasurer reported on Membership and Fees;

Summarised, the Report was as follows;

Number of Members on mailing list Sept. '14
865.

Of these--as a result of two appeals--
337 have paid, 487 have not.

Of the 487 who have not paid 210 are
owing only the current dues.

277 have not paid since 1912.

Total Membership paid to date 378

(337 Old Members 41 New)

Roafe

Mr Fetherstonhaugh moved, Mr ~~Roafe~~ seconded, that the 277 defaulters who had not paid since 1912 be cut off the Mailing list forthwith, a record of their names being preserved for future reference.

Carried.

Mr Shiels thought that if lists of those Members liable only for the current dues could be examined by the Executive, collection, by means of personal appeals made by individual Members of the Executive, could be effected in the majority of cases.

The Secretary, having prepared a number of lists, was able to pass them to Members good enough to undertake the duty suggested.

Mr Tindall called attention to the fact that a formal appeal for the JOINT FEES of the Empire Club and the Royal Colonial Institute had not been issued.

The Secretary admitted the omission, pleading ignorance-- at the time of the issue of the first appeal-- of arrangements existing between the Club and the Institute.

Mr Fetherstonhaugh proposed - Mr Murray seconding-- that no Proposal for Membership be read at Luncheon Meetings unless accompanied by the Membership fee.

Carried.

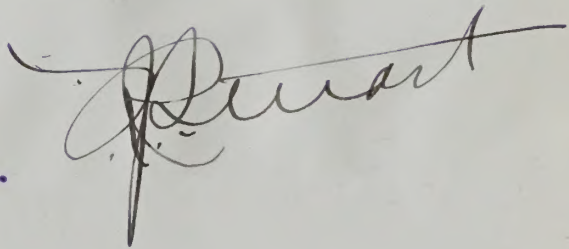

Mr Shields proposed, Mr Fetherstonhaugh seconding, that publication of the Book of Speeches for 1912-13, '13-'14, be pushed forward with the least possible delay.

OUR GUEST WILL BE

DR. W. T. HERRIDGE

(Moderator of the Presbyterian Church in Canada)

SUBJECT

"THE WAR AND THE CHURCH."

Wide as our guest's activities and achievements are in Religion and Literature, it is as an ORATOR that his fame encircles our Dominion and extends far over the Southern border.

There is no shade of exaggeration in the recent assertion of the New York Herald that Dr. Herridge is one of the "Front Rank Orators" of the American Continent!

Under the power of his eloquence on Tuesday those everyday terms, "The War" and "The Church," and their relationship, must come to have a broader meaning for us than ever they had before.

A Meeting of the Executive was held at the Board of Trade Luncheon Rooms on Monday..April 19th..1915, at One O'clock.

The President presided, and there were also present:- Dr Albert Ham; Mr Shiels; Mr Murray; Dr Goggin; Mr Fetherstonhaugh; Mr Brooks; and Mr Roaf.

The Minutes of the previous Meeting were confirmed.

Dr Ham presented the report of the Committee on Empire Day celebration.

This was to recommend that:- having regard for the provision of so many Meetings, Demonstrations, and Entertainments, promoted by various Societies in aid of Patriotic funds and Institutions, during the past six months, the Empire Club bring the present Season to a close without any extra effort in the shape of a Dinner, Demonstration, or Patriotic gathering of similar nature.

The Committee felt that in view of the great success, Inspirational, Artistic, and Financial, that marked the opening of the 1914-15 Session at the Massey Hall Demonstration in November, 1914, -an attempt to ~~add~~ close this most successful season with something of a similar character would result in an anti-climax that would defeat the best desires and interests of the Club.

Mr Brooks proposed that the report be accepted and its recommendations adopted. Dr Goggin seconded.

Carried.

The President reported that, in company with Mr Fetherstonhaugh, Mr Shiels, and the Secretary, he interviewed Messrs Dunning's on the question of Luncheon arrangements between that firm and the Empire Club.

As a result of this meeting the Luncheon guarantee necessary, was reduced from 75 to 60, and more amicable relations established between the catering firm and the Empire Club than have obtained previously.

Mr Brooks proposed, Mr Murray seconding, that this arrangement be approved.

Carried.

The President further reported that he interviewed the Robt. Simpson Co, on the outstanding account between them and the Empire Club. After a free interchange of thought, the matter was brought to a conclusion by the Company accepting--in full settlement--FIVE DOLLARS, ~~550~~ being one half of the amount claimed.

This was approved.

On the suggestion of Mr Fetherstonhaugh it was decided that the final Meeting of the Club for the 1914-15 Season, be held on the evening of May 6th; and that two or three Speakers be invited to deliver fifteen-minute addresses at that Meeting.

Dr Ham suggested that Members be advised to attend and receive the Volume of Speeches at this Meeting.

The Meeting then adjourned.

A Meeting of the Executive of the Empire Club of Canada was held at the Board of Trade Rooms on Friday, Oct. 15th. '15.. at one o'clock.

The President..Dr Albert Ham..presided, and there were also present:--

The Lord Bishop of Toronto, Hon. Justice Craig, Mr Tindall, Mr Somerville, Mr Coombs, Mr R.J. Stuart, Dr Goggin, Mr Fetherstonhaugh, Mr Roaf, Mr Hogg, Mr Shiels.

The minutes of previous meeting were read and approved.

A letter from Surgeon General Ryerson was read, expressing his thanks to the Club for its message of sympathy.

The Lord Bishop of Toronto spoke of the loss sustained by the Empire Club in the decease of one of its most earnest supporters, Mr George Musson. He moved that a resolution of sympathy with the bereaved family be recorded, and that Dr Goggin, in his personal attendance at the funeral ceremony, represent the Empire Club and bear this message.

Hon. Justice Craig seconded, and the motion was carried.

The President..Dr Albert Ham..spoke upon the proposal to hold a Patriotic Demonstration in Massey Hall on the evening of Tuesday..Nov 9th.. '15.. Major General, Hon Sir Sam Hughes, had engaged to be present, and the National Chorus of Toronto would also contribute to the success of the undertaking. It was further proposed that the services of a select orchestra be retained to support the Chorus on that evening. This would entail some further expense but it was felt that the increased attraction amply justified the outlay.

Nov. 9th..1915.., was set aside as a "tag day" in Toronto ~~to aid the funds of the Recruiting League, and it was felt that this evening Demonstration would provide a fitting conclusion to an eventful day.~~

Mr Fetherstonhaugh explained that, as Chairman of the "Tag day" committee, he thought that the total of ~~the~~ collections taken throughout the day might be declared by Sir Sam Hughes to the Massey Hall audience. Further, he felt that some formal expression of the indebtedness of the Empire Club to the National Chorus--under the direction of the President ~~for its loyal~~--for its loyal co-operation in the work of the Club, last year and this, was fitting. It was impossible to overestimate the value of these services, and he was sure that every Member of the Executive, and of the Club, felt as he did on this matter. He suggested that all arrangements as to the engagement of the orchestra etc, could safely be left to the discretion of the Director of the National Chorus, the President of the Empire Club--Dr Albert Ham.

Mr Fetherstonhaugh's appreciative remarks, and his suggestion were cordially endorsed by all present.

Discussion followed as to other as to other proposed speakers for the evening. The President mentioned Colonel Denison and Mr Rowell, Mr Fetherstonhaugh suggesting the Premier of Ontario and Mr Rowell, the Lord Bishop ~~for his~~

recommending that the selection be confined either to purely Political or Military leaders.

On the matter of reservation of seats and seating arrangements generally, Hon Justice Craig moved that Mr Coombs, Mr Fetherstonhaugh, Mr Stapells and the President be a Committee to superintend these affairs.

Mr Fetherstonhaugh moved that Mr Somerville, and Mr Shiels ~~Mr J. F. McIlwain~~ be a committee to undertake the publicity arrangements.

Hon Justice Craig seconded.

Carried.

It was directed that a meeting of the Executive be called for Friday..Oct 22nd..for fuller consideration of the whole matter.

The meeting then adjourned.

From Halifax on Dec. 8, 1915, there sailed a little band of two hundred Montenegrins, bound for their mountainous homeland to strike a blow for the Cause we up-hold to-day. Thanks to the piracy of the Teuton, their vessel (The Italia) was sunk in the Adriatic, and all were lost.

This is an incident that thinking men will set alongside the cunning tales of Montenegrin disloyalty recently circulated by a foe that can do everything but fight a straight fight.

At the present time we realise that representative government is the strength of the Empire, and that government of the UNrepresentative sort is responsible for our enemies' dishonor, and a guarantee of their ultimate defeat.

Then—British like—few of us trouble further on the matter.

Yet—Proportional Representation is said to compare with the present system as the Ross rifle does with the ancient blunderbuss.

What Mr. Humphreys cannot tell us on the matter is hardly worth knowing. He comes to Canada on the personal recommendation of Earl Grey, and we may be sure that his address on Thursday will be interesting and profitable.

could identify itself in support of the Concert.

After consideration, in which hearty concurrence with Mr. Fetherstonhaugh's remarks was expressed, it was agreed that - although no official action could be taken in the matter - the Executive Committee and Council of Past Presidents would exert their individual influence amongst Members of the Club in an effort to ensure the success of the Concert.

Rev Alfred Hall was cordially thanked for his services rendered in the capacity of Editor of the Club Speeches for the past year, and it was the unanimous wish of the Executive that he should continue his good offices in that direction.

Mr Murray thought that some effort should be made whereby a resume of the Speeches delivered before the Club ~~BE~~ could appear in the various Patriotic Magazines.

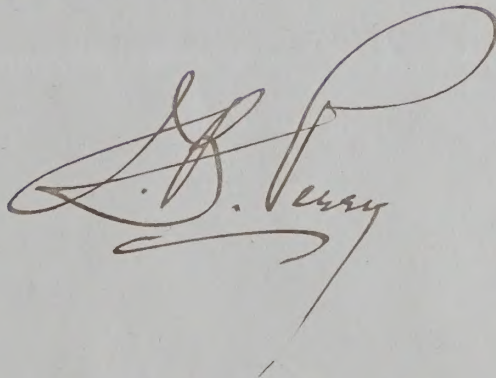

After discussion as to the advisability or otherwise of publishing a volume of speeches this year, Mr Brooks proposed that the question be considered by the Finance and Publicity Sub-committees and a report on their recommendations presented to the Executive. Mr Murray seconded.

Carried.

The Secretarial Report for 1915-16 was directed to be considered by the Finance Sub~~com~~mittee.

On a question from Mr Brooks the sub-committee on Finance was authorised to deal with outstanding accounts.

A Meeting of the Executive of the Empire Club, held on Tuesday - June 27th 1916 - 6.30 p.m., at the National Club.

The President - Mr J.B.Perry - presided, and there were also present:- Hon. Justice Craig, Messrs J.Castell Hopkins, Rev.A.Hall, F.B.Fetherstonhaugh, F.Maclean, Dr Webster, Wm Craig, J.P.Murray, F.J.Coombs, M.S.Shiels, C.H.Elston, A.Roy MacDougall, Norman Somerville, W.Brooks, J.R.Roaf, A.E.Donovan, W.B.Tindall, Dr Clouse and R.A.Stapells.

The Minutes of previous Meeting were read and confirmed.

Messages of regret for non-attendance were read from Dr Goggin, Mr.J.Murray Clark and Dr.Ham.

A motion recording the deep sense of the loss sustained by the Empire Club of Canada through the death, on active Service, of Major General Mercer., C.B., was passed in respectful silence.

Mr Brooks presented the Report of the Sub-committee on Finance.

This recommended:-

That prompt and systematic settlement of the Club's liabilities was essential to its well-being and success: That the adoption by the Club of a definite and progressive policy, establishing it as a leader rather than a follower of public opinion, would improve the prospects for increased Membership, and so ease the financial obligations of the Club:

That a minimum membership of 600 (six hundred) paying Members at two dollars each, provides income sufficient to meet current expenses, leaving no margin, however, to warrant increased expenditure in the matter of additional literature, advertising, or publication of Addresses from month to month:

That the adoption of temporary expedients for meeting the Club's present deficit is not viewed adversely, provided, however, that the plans and policy of the Club guaranteed that such necessity would not arise in the future:

That the President and Vice Presidents acting for, and on behalf of, the Club be authorised to arrange with the bank for accomodation to the extent of five hundred dollars in order that all outstanding accounts be immediately adjusted.

The Report of the Sub-committee on Speakers - in the form of a communication from Mr.J Murray Clark - was considered:-

This recommended:

That, the winning of the war being the greatest problem before the Empire to-day, Speakers who will discuss means to that end should be secured:

That addresses upon the Organisation of the resources of ~~the Empire~~ Canada and the Empire, indicating the dangers

of waste and extravagance, and emphasising the vital necessity for increased production coming next in importance should be arranged.

Rev. A. Hall submitted the Report of the Sub-committee on Publicity ~~was~~. This recommended:

That good note-paper be used for the Club's official correspondence, the same bearing only the title and crest of the Club, with the names of Patron, President and Secretary-Treasurer, and no others:

That the Luncheon Postcards notices be continued at all cost:

That Speeches for 1915-16 be included in a double volume with those of 1916-17:

That before the forthcoming session the President write to the Editors in chief of all the City newspapers, inviting the co-operation of the Press by according the fullest possible publicity to the proceedings of the Club.

In this connection a communication received from Mr. F. B. Fetherstonhaugh was read. This suggested that his monthly magazine - "National Progress" - be utilised for the publication, month by month, of Empire Club Speeches. He proposed to undertake this without cost to the Club, provided enough subscriptions from Members could be secured to warrant the expense on his part. Further stating that if at least one thousand (1000) subscriptions were obtained, the type used in the printing of the Magazine could be devoted to the printing of the Annual Volume without cost to the Club.

On discussion, and after fuller explanations from Mr. Fetherstonhaugh, Dr. Clouse moved that the Publicity Sub-committee consider means for procuring wider publicity for the Club's Speeches and activities, taking Mr. Fetherstonhaugh's communication also into account.

Hon. Justice Craig seconded.

Carried.

Mr Fetherstonhaugh presented the Report of the Sub-committee on Membership:- This recommended;

That a campaign for securing new members be inaugurated as follows:- Ten Captains selected from the Membership of the Club, each Captain to select a team of nine others from the Membership:-

N. Somerville.	M. S. Shiels.
F. J. Coombs.	A. E. Donovan.

That the campaign start Sept. 15th 1916, and close Nov. 1st.

That Membership fee accompany each application for Membership, and no application considered without fee.

That the President's team include:-

DEAR SIR:

An informal dinner will be held at the St. Charles Hotel, Richmond and Bay Sts., on Thursday Evening, Sept. 28th, at 6.15 P. M., when the following platform principles will be discussed.

Tickets may be purchased at the Hotel Tuesday Morning, Sept. 26th.
50c.—Take tickets early.

To the Members of the Empire Club of Canada:

A Special Committee, with the Hon. Justice Craig as Convenor, appointed by the President to consider a platform of principles and objects for which the Club should stand—reports as follows:—

1. That as hitherto the main object of the Empire Club of Canada, is the advancement of the interests of Canada and a United Empire.
2. That the Club believes that every British born person should be a citizen in every part of the Empire, and be entitled to all the privileges of citizenship, subject to local ordinances—in any Dominion, Colony, or Dependency.
3. That the term British should be common to all parts of the Empire and should not designate any one part in particular.
4. That Canada, and the other self-governing Dominions should be so organized that they may be given direct voice and control in the destinies of the Empire—and particularly a voice in the question of peace and war—commensurate with their population and importance.
5. That as a necessary consequence of such organization and control, the whole Empire should contribute to the cost of Empire defence, in such manner, and in such amount, as may be determined by Empire Conference.
6. That no Empire Union can be satisfactory which does not preserve intact the Autonomy and the control of every question which affects the several self-governing Dominions, as distinguished from the Empire as a whole.
7. That while the Club stands mainly for the promotion of the foregoing objects, and is ready and willing to discuss any question of a national, social, moral, economic or broad political nature, it will not hear any discussion of local party politics, nor the propagation of disloyal views.
8. That the Club will approve of the policy of giving public lands free to soldiers who have fought, or enlisted to fight in the present war, in our own army, or in the army of Great Britain, on condition of actual settlement and cultivation by the donee.
9. That the Club believes that the enormous and varied resources of the British Empire should be developed, utilized, and controlled for the benefit of the whole Empire; and that adequate precautions should be taken so that local regulations shall not injuriously affect any part of the British Empire, and that measures should be adopted to prevent any of our resources being utilized by any hostile country to injure British interests.
10. That the wise provision of our Constitution as embodied in the British North America Act, that all articles of the growth, produce or manufacture of any of the Provinces shall be admitted free into each of the other Provinces, should be extended as far as practicable to the whole Empire, and that in order to develop its resources and strengthen every part of the Empire all British subjects, who contribute towards its Defence should enjoy preferential advantages in all the markets of the Empire.
11. That the war in which the Empire is now engaged has proven the unswerving and devoted loyalty of the Dominion to the Empire and the Empire's Ideals of Government and liberty, but it has also proven that the present loose organization of the Empire is unsatisfactory and cannot continue without danger to the stability of the Empire and the union which we all have so much at heart.
12. That the Club believes that in view of the evils arising from the present method of political election, which, by vesting the decision in those who control the balance of votes as between the two political parties in single number constituencies, practically disfranchising the honest electors of both parties and giving an undue measure of power to grafters and to those who contribute to and control campaign funds, that a well considered plan of proportional representation should be adopted for Municipal, Provincial and Dominion Elections.
13. That the Club believes that a proper obligatory system of physical and military training should be immediately introduced into all schools, colleges, and universities throughout the Dominion of Canada.

J. B. PERRY,

President.

**Amended Platform of Principles and Objects
for which the Empire Club of Canada
should stand**

1. THAT, as hitherto, the main object of the Empire Club of Canada is the advancement of the interests of Canada and a United Empire.
2. THAT the term British should apply to all citizens of the Empire.
3. THAT the Empire should be so organized that Canada and the other self-governing Dominions should be given a share in the control of its destinies, particularly in matters of peace and war.
4. THAT the different parts of the Empire should contribute to the cost of its defence, in such manner and amount as may be determined by an Empire Conference.
5. THAT in Imperial organization there should be preserved to the several self-governing Dominions their autonomy and the control of all local as distinguished from Imperial matters.
6. THAT Canadian public lands should be given free to soldiers who have fought, or enlisted to fight in the armies of the Empire, who express a desire for farm life—a condition of such grant to be actual settlement and cultivation by the donee; and, that an equivalent recognition should be given to such soldiers as desire to follow other occupations.
7. THAT all articles of growth, produce or manufacture within the component parts of the Empire should be given preferential advantages in the respective markets of the Empire. And measures should be adopted to prevent any of the Empire's resources being utilized to injure British interests.
8. THAT a proper system of physical and military training should be introduced in all schools, colleges and universities throughout the Dominion of Canada.
9. THAT this Club stands for the promotion of Imperial objects and not for the discussion of local party politics or the propagation of disloyal views.

TORONTO, October 24th 1916

Dear Sir,

"Do your bit" Campaign.

Slogan! Treble the Membership

As only four (out of fourteen) attended the meeting of the membership Committee and Captains of Teams yesterday afternoon, it was decided to issue another earnest call to get together to discuss ways and means for the Membership Campaign on Friday 27th inst.

at six o'clock (for Dinner at 6.15)
in the National Club.

Unless every Captain will sacrifice personal interests for the sake of the Empire Club to the extent of planning if possible to be at this Friday evening gathering, the efforts of the Club towards substantially increased membership will doubtless suffer.

Hence this urgent and earnest request for your personal support by your presence at this adjourned meeting on Friday.

Let us all "Do our bit" now, and the Campaign will be off to a good start with success assured.

Be sure and fall in.

Sincerely yours - in the work
of the Empire Club -

(Sd) Fred B. Fetherstonhaugh,
Chairman of Membership Committee.

- ⑧ Present at the National Club, Friday Oct 27th 1916
Messrs Fetherstonhaugh (in the Chair), J.B. Perry,
Elston, Donovan, Stapells, Roy McDougall,
Frank W. McKean, Coombs, D. Goggin,
Hopkins, Murray, & the Secretary.
Mr Fetherstonhaugh's plan of Campaign having been discussed
and approved, 10 sets of Campaign papers (including a
list of present members with application forms etc.) was given
to the ten Captains for distribution among their teams.
It was decided that the Captains and their teams
should meet at the St Charles Hotel half an hour before
each Thursday luncheon, during the five weeks member-
ship Campaign, to compare results.
The meeting then adjourned.

EMPIRE CLUB FAVORS NATION-WIDE ECONOMY

And Members Will Do What
They Can to Bring
It About.

JAN 4 - 1917

A resolution in favor of nation-wide economy and dispensing with all luxuries, was passed by the Empire Club of Canada at luncheon to-day, and the members are pledged to do all in their power to bring this about. The Dominion Government will be urged to prohibit the importation of luxuries into Canada. The text of the resolution, which was moved by Fred B. Fetherstonhaugh, K.C., and seconded by J. Murray Clarke, K.C., is as follows:

Resolved, that in the opinion of the Empire Club, each and every government, corporation, and person throughout the Empire should spend no money except for necessities and the vigorous prosecution of the war, and each person particularly should not purchase luxuries or other articles which will divert labor from the work essential to the production of munitions, supplies, and other means for winning the war; and that such persons should save as much as possible, and utilize such savings for war purposes; and that the Empire Club urge the Dominion Government to take such steps as may be necessary to prohibit the importation of luxuries into Canada during the war.

That, a copy of this resolution be sent to the Prime Minister of Canada, Prime Minister of each of the provinces, and mayors of the principal cities of Canada, and be given such further publicity as the executive may deem advisable.

Mr. Fetherstonhaugh, in reading the resolution, remarked that there was little to be said on the matter, but much to be done. He pointed out that while the amount spent in Canada during the past year on luxuries has been tremendous, running into many millions, the Imperial Minister has already told us that three times as much munitions as we have today will be required to win the war. Mr. Clarke seconded the motion, and said that no further word than has been spoken by Sir Thomas White, the Minister of Finance, will be needed to urge the members of the Empire Club to their duty.

A splendid tribute was paid to England's ally, France, at the luncheon, when, along with "God Save the King," the assembly sang "The Marseillaise" in chorus. The luncheon was given in honor of Professor John Squair, professor emeritus of the University of Toronto, who was the speaker of the day. He delivered an interesting talk on "France Through Canadian Eyes," in which he made an appeal for a more extensive study of the French

ELECTRIFY T. & N.O. RY., IS CHAIRMAN'S PROPOSAL

ELECTRICITY WILL BE FUTURE
POWER OF ONTARIO, SAYS
MR. ENGLEHART.

FEB 8-1917

Mr. J. L. Englehart, Chairman of the T. & N. O. Railway Commission, in his address before the Empire Club at the St. Charles yesterday, stated that his Commission is prepared to electrify the Northern Ontario line, as he believed electricity was to be the future power of the Province. For that reason during the last two years the road had been completely resurveyed.

The transportation problem would not be much lessened until the war was over, said the speaker. He maintained that as nitrates and the nitric acid material used to manufacture explosives are obtainable in New Ontario, and as there are no large water powers in Great Britain, these mines might become of Imperial importance. The coal resources of New Ontario are among the greatest in the world. He urged the Empire Club and other organizations to appoint committees to visit New Ontario to see the country for themselves.
